. Purpose of the Emergency Meeting

An emergency meeting of the Parent–Teacher Association (PTA) was convened to discuss the exceptional circumstances arising from the **global oil crisis and the international conflict involving the United States and Iran**, which has led to volatility in international crude oil prices and increased transportation and operational costs.

The meeting was called to review the impact of the increased fuel prices on the school's transportation operations and to consider the previously proposed revision in transportation charges for the Academic Year 2026–27.

2. Agenda of the Meeting

The following agenda points were discussed:

- Discussion regarding the impact of the global oil crisis on transportation and operational costs.
- Discussion regarding the proposed revision in transportation fees for Nevta.
- Consideration of the proposed **4.5% increase in transportation fees.**
- Approval and ratification of the revised fee structure for AY 2026–27.

3. Background and Emergency Situation

The management informed the PTA members that the recent global developments and instability in the international oil market have resulted in a significant increase and fluctuation in fuel prices.

As school transportation services are directly dependent on diesel and other operational resources, the rising fuel costs have created additional financial pressure on the transportation department
